WHAT IS THE VIOLET RAY 2005 ?

The VR2005 is an instrument brought forth to humanity through Jack Derby, founder of Pillar of Light Enterprises. It is our lowest priced model capable of producing the Violet Ray. The VR2005 is an attunement device that helps pull our physical bodies into a healthful resonance and it assists us in our vibrational shift from a physical focus to that of Christ Awareness, and finally, to God Consciousness.

DESIGN PHILOSOPHY

Its design was intuitively guided to be a blend of ancient Alchemical Wisdom and Modern Electronics, including an enhanced Ultra High Frequency Tesla Coil (Energetic Focusing Amplifier). This combination produces the Violet Ray frequencies capable of interacting in harmony with our physical and subtle bodies. The VR2005 attunes our physical bodies resonance to the Heart Center frequency of 250.56 Cycles/second. This is directly 5 octaves higher than the Schumann Frequency which is the base resonant pulse of the Earth. Scientist measure this base pulse of the Earth to be 7.83 Hz and firmly holding. Intuitively, Jack knows that the human Power Centers (Chakras) ideally vibrate at harmonic levels of that base frequency. The Heart Center frequency is also the musical note "B"; based on a slight corrective adjustment to concert pitch termed "cosmic pitch." The Heart Center Frequency is the "carrier wave" for the Violet Ray Frequency of 732 trillion cycles/second. That frequency is produced by the advanced Tesla Coil and manifests as Violet Light and subtle energy in the Violet Ray Bulb. With all other output attachments, it is Subtle Energy that rides the carrier wave. The carrier wave attunes the body to receive the Violet Ray.

It is the Violet Ray energy that alchemizes consciousness from a physical focus to one of Christ Awareness and finally God Presence.

PROMOTES WHOLISTIC HEALING

The Heart Center Carrier & Violet Ray frequencies attune the body to a natural earth frequency, thus making corrections to environmentally and internally produced disharmonies that cause disease. Using the VR2005 in the "Power Wand" mode, you can perform a basic tuning of the power centers.

HELPS ILLIMINATE DISCOMFORT

In the "Violet Ray Bulb" mode, you can assist specific areas in need of healing or relief. Promotes healing of wounds, swelling, skin conditions, arthritis, circulation, stress, headaches, symptoms of disease and the disease itself, etc. The bulb can also be held over the Carotid Artery promoting blood cleansing. If you want to feel the effects of the Bulb right away, hold it over your Third Eye Center !

NEUTRALIZING ELECTRO-MAGNETIC POLLUTION

We are constantly exposed to a myriad of potentially harmful energetic vibrations in our environment. AC power, radio, tv, microwave, cell phones, computers, etc. tend to pull us out of resonance with natural Earth frequencies. This "de-tunes" our Chakra Systems abilities to perform their roles as energy transformers and suppliers for our whole being. We also pull ourselves out of natural harmony by creating unsupportive physical, mental and emotional processes, patterns and actions. Our immediate environment can be shielded against further harmful polluting energies by using the VR2005 with the optional "Pyramid Antenna" operating in Transmission Mode.

ENERGIZE FOODS & LIQUIDS

With the optional "Food Plate Energizer", you can apply the benefits of tuning and rebalancing to the sustenance you take into your body. City water supply systems can remove the life force from drinking water and thus will need to be re-structured & re-energized. Much of the food we eat has had the life force processed or cooked away. Simply place your food or drink atop the charged plate for 30 seconds for it to be energized.
