

## WHAT IS THE VIOLET RAY CRYSTAL RESONATOR (VRCR)?

(Referred to as the "Atomic Accelerator" by St. Germain)

The VRCR is an instrument brought forth to humanity through Jack Derby, founder of Pillar of Light Enterprises. It is our "Top of the Line" attunement device that helps pull our physical bodies into a healthful resonance. It also assists our vibrational shift from one of a physical focus to that of Christ Awareness, and finally, to God Consciousness.

### DESIGN PHILOSOPHY

Its design was intuitively guided to be a blend of ancient Crystal Wisdom and modern Electronics, including an enhanced Ultra High Frequency Tesla Coil. This combination produces the Violet Ray and other harmonic frequencies capable of harmoniously interacting with our physical and subtle bodies. The VRCR Heart Center Frequency setting attunes our physical bodies resonance to 250.56 cycles/second. This is directly 5 octaves higher than the Schumann Frequency which is the base resonant pulse of the Earth. The Heart Center frequency is also the musical note "B"; based on a slight corrective adjustment to concert pitch termed "cosmic pitch." Intuitively, Jack knows that the human electrical *Power Centers (Chakras)* ideally vibrate at harmonic levels of that base frequency. The Heart Center Frequency is a "DC pulsed carrier wave" for the Violet Ray Frequency of 732 trillion cycles/second. That frequency is produced by the advanced Tesla Coil and manifests a visible Violet Light and subtle energy in the Violet Ray Bulb. With all other output attachments, it is Subtle Energy that rides the carrier wave. The carrier wave attunes the body to receive the Violet Ray.

Using this base and 15 harmonic frequencies, the VRCR emits the super high vibrations of the Violet, Golden and Elemental Energy Rays. Divine Intelligence has transcribed within the VRCR an amazing energetic flow. Together, the Modified Tesla Coil (energetic focusing amplifier), Triad Antenna (etheric energy collector), and the Crystal Array (subtle god energy transducer), create an energetic pathway as a thought form amplifier, among many other functions. The Array Crystals are Quartz. Below their meeting point is Moldavite on top of a magnetic field. Various "Light Emitting Diodes" are used to create pulsing light colors enhancing energy flow.

*Note: Scientists say that the Schumann Frequency is firmly holding at 7.83 Hz. However, even if that or any other natural environmental energy vibration changes, the Triad Antenna receives the information and adjusts the flow of energies within the VRCR accordingly. Custom tunings are available.*

### SATISFACTION GUARANTEE

If for any reason you are not satisfied with the instrument, we will refund your full purchase price if the instrument and all its implements are returned in "like new" condition within 60 days from the date of purchase.

## NEUTRALIZING ELECTRO-MAGNETIC POLLUTION AND BALANCING CHAKRAS

We are constantly exposed to a myriad of potentially harmful energetic vibrations in our environment. AC power, radio, tv, microwave, cell phones, computers, etc. tend to pull us out of resonance with natural Earth frequencies. This "de-tunes" our Chakra systems abilities to perform their roles as energy transformers and suppliers for our whole being. We also pull ourselves out of natural harmony by creating unsupportive physical, mental and emotional processes, patterns and actions.

By using the VRCR with the Crystal Wand and the Violet Flame Bulb, we can re-balance our Chakra systems to their intended resonance. Our immediate environment can be shielded against further harmful polluting energies by using the VRCR with the Pyramid Antenna operating in Transmission Mode.

### MEDITATION & PRAYER AMPLIFIER

Once our *Power Centers* system is in tune and creative thoughts, feelings and mental pictures are flowing through our imagination center more freely with less distortion, we can then utilize the VRCR as a programmable creative intent amplifier. By placing our hand or objects onto the upright Injector Crystal, we can program the VRCR to amplify whatever we desire that is in harmony with divine intent.
